AI AGENTS ARENA

Event Rule Book

Organized by

COMSATS Artificial Intelligence Society (CAIS)

Date: 11th November 2026

Venue: Academic Block II, COMSATS University Islamabad, Pakistan

1. About the Event

AI Agents Arena is an automation-focused tech competition that challenges participants to create smart workflows that simulate real-world business processes. Students will compete to build the most innovative and efficient 'AI Agent' using modern automation platforms.

2. Event Details

- Date: 11th November 2026
- Time: 11:30 AM to 3:30 PM (3 Hours for Development, 1 Hour for Evaluation)
- Venue: Academic Block 2, COMSATS University Islamabad.
- Team Size: 1-2 members.

3. Eligibility

- Open to students of any university.
- A valid student ID card is required.
- Basic knowledge of agentic workflows and automations is recommended.

4. Registration

- Registration Link: https://forms.gle/7MHZwC2nJw4J8BD17
- Registration Deadline: 9th November 2026.
- Registration Fee:
  - **Solo:** PKR 400
  - **Team:** PKR 800
- Fee is non-refundable.

5. Event Format

- Single Round (3 hours build + 1 hour evaluation).

6. Rules

General Rules:

- Participants must report on time.
- Participants should preferably bring their own laptops, with chargers (and an extension board if possible).
- Always carry your student ID card.
- Team members cannot be changed after registration.
- Any kind of cheating or plagiarism leads to disqualification.
- Participants are also allowed to integrate third-party APIs (such as Gemini API Key for LLMs) unless explicitly prohibited in the challenge.
- Teams must not exceed two participants.
- All work must be original and completed during the competition time.
- Pre-built solutions will result in immediate disqualification.
- Respectful conduct toward evaluators and organizers is mandatory.

Technical Rules:

- The problem statement will be revealed at the start of the build round.

- Participants may use any no-code / low-code platform (**n8n, Make, Zapier** etc.) of their choice.
- **Internet access** and **AI assistants** are **allowed** during the competition.
- Participants must bring their platform accounts. All accounts should be set up before the event, as no extra time will be given for setup.
- Templates, starter workflows and previously built projects are not allowed. Everything must be built from scratch during the competition time.
- In case of a tie, the team with the higher Functionality & Execution & Technical Quality score will be ranked higher.

Logistics:

- Participants must report to the venue by 11:00 AM for check-in.
- There will be no scheduled breaks during the competition.
- Participants may leave the venue after completing their agents but must return before the evaluation round begins. Teams absent at their evaluation time will not be evaluated.

7. Judging Criteria

- **Functionality & Execution:** 40% - Does it work end-to-end? Does it reliably complete the intended task?
- **Agentic Design:** 10% - Is it genuinely agentic (reasoning, decisions, tool calls, multiple steps/agents) rather than just fixed automation?
- **Innovation & Creativity:** 10% - Originality of the idea and cleverness of the workflow/agent design
- **Technical Quality:** 30% - Good workflow architecture, integrations, error handling, prompts, APIs, etc.
- **Demo & Explanation:** 10% - Can the team clearly explain and demonstrate what they built?

The judges' decision will be final.

8. Code of Conduct

Participants must behave respectfully and follow all university rules. Misconduct will lead to disqualification.

9. Contact

- Muhammad Qanat Abbas - President – (+92 329 5114163)
- Muhammad Badar Bin Sarfraz - Vice-President – (+92 345 9791661)

10. Prizes

- Winner: Cash Prizes
- Participation certificates for all participants.

11. Note

The organizing team may change rules or schedule if needed. Participants will be informed of any changes.
